

## TASK 2

### Using Google Dorks to Find Publicly Exposed Documents or Directories

Submitted by: Abin Thomas

#### TASK: GOOGLE DORKING ON ATHERENERGY.COM

**Google Dorking** is a powerful Open-Source Intelligence (OSINT) method for uncovering publicly available data indexed by Google. This report documents a Google Dorking exercise conducted on the domain atherenergy.com to retrieve a publicly accessible investment-related document.

#### 1. Publicly Accessible Draft Red Herring Prospectus (DRHP)

**Google Dork Used:**site:atherenergy.com filetype:pdf intitle:"DRHP"

##### Objective:

Identify investment-related documents — specifically the Draft Red Herring Prospectus (DRHP) — released by Ather Energy, indicating a planned Initial Public Offering (IPO).

##### Dork Breakdown:

- site:atherenergy.com – restricts results to Ather Energy’s official domain.
- filetype:pdf – narrows search to PDF documents.
- intitle:"DRHP" – focuses on documents titled with “DRHP” (Draft Red Herring Prospectus).

##### Document Retrieved:

Ather Energy – *Project AAA\_Final DRHP* (dated September 9, 2024)
